## City News Items

The foundation for the new rectory is being dug this week. The new residence will be located just south of the Immanuel church.

Mrs. Behrens and daughter, Miss Ethel, of Wetaskiwin, were in the city this week. The latter was on her way to attend Normal at Calgary.

Mrs. Fisher, of Maxville, Ont., who has been visiting her sister, Mrs. E. Groves, for some time, left on Monday for Calgary, en route home.

A meeting of the local branch of the Red Cross was held yesterday afternoon in their new brick block on Pearce street, which is one of the finest meat emporiums in the province.

A meeting of Sunday School workers will be held on Saturday morning at 9:30 in the Methodist church to consider the S. S. picnic on Labor Day.

Geo. H. Rohman has the contract for the excavation work for the new post office, and the work will be started as soon as the weather is made.

Wednesday was observed as civic holiday in the city, and every man who could possibly get a gun of any kind was in the country in pursuit of the innocent pheasant.

The fire department had a run on Friday last to the home of James Bradley. The fire was caused by the explosion of a lamp, but fortunately no damage was done.

Mr. McLeod, Mr. Missell McMurtry, Mr. McLean, and Mr. Hart have been visiting at the Coast, prolonged off on Wednesday to spend a few days with the former's daughter, Mrs. A. H. Barnard.

Geo. C. Cameron, the Canadian representative in this community, is in the east country this week looking after organization work. He is holding meetings in Camrose, Dryden, and Selkirk.

Mr. and Mrs. G. H. Taylor and son for Calgary on Tuesday evening train. Mrs. Taylor will remain a couple of months with relatives, as Mr. Taylor will return on Friday.

A very painful accident happened on Wednesday to H. Reed of the Plaza Side Meat Market. As he was driving to the country, the whiffletree broke, frightening the horse. As Mr. Reed jumped he had the misfortune to break his leg.

Geo. W. Greiner, of Wetaskiwin, is spending a couple of weeks with the home of his father, P. J. Greiner. He has a good situation with a legal firm, and likes the coast very much and enjoys a walk to the old town to look at the landmarks.

Cutting will be general next week and now the danger from frost is passed (so say the old-timers) we will gather the heaviest crop ever grown in the history of the city.

The Wetaskiwin district was cut ten days ago, and we understand that some fields of wheat were cut this week just east of the city. The Wetaskiwin district is certainly all right.

Farmers will be pleased to learn that the Wetaskiwin Produce Co. are arranging to put in a poultry fattening station in connection with their creamery. They are fencing large yards, and will have a capacity of 2000 birds.

By up-to-date methods of fattening and dressing chickens, they expect to be able to obtain and pay much better prices than can be realized for home dressed stock. See

the advertisement in the paper.

The heaviest rain that ever fell in this section of the country at this time of the year, came down on Saturday night and Sunday last, when 3.45 inches of water fell. Some of the heavier fields of grain were somewhat flattened, but no serious damage was done.

Preparations are being made to remove another of the old land marks in the city and replace it with a modern brick block. This will be Walker drug store, which is the pioneer business stand in the city, is to be torn down, and in its stead, will be erected a substantial two-story brick block.

The new building will be 30 x 60 feet on the ground space, while business offices will be fitted up in the second story.

In the meantime, the Walker Pharmacy will remove one door south, and promises vacated this week.

Bugay & Son, druggists, had a very sad death took place in the Lethbridge district on Saturday last, when Jacob J. Greiner passed away.

He was in his 32nd year, and was in the best of health, having been confined weeks ago, when he met with a slight injury to one of his hands. He paid no attention to it until it became painful, and when he summoned medical aid, it was found that the blood vessels had become obstructed.

He died Saturday afternoon, probably due to the patriotic man, but to no avail, and he passed away on Saturday. The funeral took

place on Monday from the residence of Mr. Geo. Greiner, service being held at 10:30 a.m. at the First Methodist church.

A special address will be delivered at the graveside in the Catholic cemetery. A large cortege of friends came in from the country. The sympathy of all is extended to the bereaved relatives.

CATHOLIC CHURCH

The laying of the foundation stone of the new Catholic church, will take place on Sunday, Aug. 27th, at 7 p.m. All the citizens of Wetaskiwin are invited to attend.

A special address will be delivered on the grounds and a collection taken up towards the building fund. As the new church will be a credit to the city, the committee wishes to recommend the undertaking to the generosity of the people.

## City Council

The regular meeting of the City Fathers, was held on Tuesday evening with all present except Ald. Chander, Olin and Angus.

After the adoption of the minutes of the previous meeting, the following correspondence was disposed of,

From Heaton's Agency, re the advertisement in the Argus. On motion of Ellis—MacEachern—it was referred to the Board of Trade.

From Mr. G. C. Cameron, a citizen of the city, a complaint was received from the John Galt Engineering Co. and that if the valves arrived in reasonable time, that the work at the disposal works would be completed before the cold weather set in. The letter was referred.

From Imperial Oil Company requesting that agreement for oil, as per contract, be signed by the mayor and secretary-treasurer. It was moved by Ellis—Wagner—that the contract be signed by these officials.

Carried.

Ald. Ellis on behalf of the light and power committee reported commanding that accident insurance be placed on the city employees.

After a general discussion it was moved by MacEachern—Wagner—that the committee get rates from all agents in the city representing accident insurance companies, and that they place insurance on employees without delay, with the company giving the most favorable rates.

After considerable discussion as to whether the council should grant permission to have a slaughter house erected in the rear of the city, it was moved by MacEachern—Wagner—that the City Council has no objection to Mr. Mallett erecting a slaughter house on the Farmer's Walk property, so that no nuisance is created.

A petition was then presented, requesting that the constables be reinstated into their old positions. The petition was signed by sixty persons, many of whom were not ratepayers. The motion of MacEachern—Wagner was referred to the police committee.

The chief of the fire department reported favorable results on the new hose wagon and it was accepted by the city council.

The following accounts were then passed for payment: General \$3486.15; electric light \$1243.34; waterworks and sewer \$796.37; payroll \$135.34.

Ald. Ellis stated that the Agricultural Society wishes to have the stables and buildings on the fair grounds lighted by electricity during the two evenings of the fair. After a brief consideration, it was moved by MacEachern—Wagner—that the motion be left with the electric light committee with power to act.

It was reported that the sanitary condition of the creek on the east side of the trail was very greatly improved, after the recent rains, and the expenditure of about \$250. It was agreed that the work be now abandoned for this year.

Ald. Wagner referred to the winter snowdrifts on the fair grounds, stating that at least \$300 had been spent last year in the construction.

He guaranteed that all this winter could be drained off for the sum of not over \$25. It was moved by MacEachern—Wagner that the Mayor and Ald. Chandler be a special committee to go into the matter of the water at the fair grounds and to report at next meeting.

Meeting adjourned till Friday night.

## GREAT IMPROVEMENT MADE ON THE HERCULES ENGINE

Mr. Call and his mechanics have just completed a new style of valve for the Hercules engine, which they have tried out on the model also on the high pressure cylinder of the big engine.

This is a great improvement over the engine as it arrived from Detroit, and the directors of the company are satisfied with the commercial value of the engine as it now stands.

The new valve does away with all gearing that was on the engine, operating automatically with no perceptible friction. Those wishing to see the engine with this new improvement can do so at any time during the working hours.

METHODIST CHURCH

The services next Sunday will be conducted by the pastor. Special services will be given at the evening services solo being rendered by Miss Anderson and Mr. G. C. Cameron.

Miss Anderson's last service in Wetaskiwin, prior to her leaving for Mt. Royal College, Calgary.

Sunday, Sept. 3 will be Flower Sunday. Children's service in the morning.

The district meeting of Wetaskiwin district convenes in the church here on Friday, Sept. 1st.

—

PRESBYTERIAN CHURCH

Services will be conducted in the Presbyterian church on Sunday next, both morning and evening, as usual, by the minister, Rev. E. McGowan, B. A. Miss Hope West will sing at the evening service.

## DON'T TAKE OLD-TIME PHYSIC

### "Fruit-a-lives" Brings Natural Results In A Natural Way.

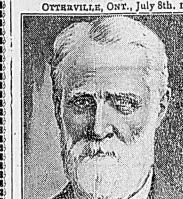

"I am a seventy-nine-year-old man and a great believer in, and user of, "Fruit-a-lives".

"Structure of The Bowels was the complaint I suffered from and I found that "Fruit-a-lives" did me more good than any other remedy. My doctor advised me to take a dose of "Fruit-a-lives" and have done so with best result.

"I have been in business here for a

good many years and have had the benefit of Osterliver's for over fifty years."

WM. PARSONS,  
ORRINGTON, ONT., July 8th, 1910.

Fruit is Nature's laxative. "Fruit-a-lives" is a mixture of the juices of apples, oranges, figs and prunes. "Fruit-a-lives" acts on the human system like fresh fruit—easily and gently—but just as effectively. It does not grip or irritate the intestines. It stimulates the bowels as a cure. Consumption of "Fruit-a-lives" directly on the liver. Just try "Fruit-a-lives" when you need a mild, gentle yet effective laxative and liver-cleanser. Price 25c per box. Send 50¢ for 25—trial size, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

### THREE KINDS OF FARMERS

There are three kinds of farmers, first, the pioneer, who has very little stock—who hunts a little, fishes a little, farms a little and fights a good deal. He stays for a little while and moves westward for new adventures. Then comes the speculative farmer, a soil robber, who buys about three times as much land as he ought to, sows the crests, gets the benefit of the unearned increment and moves on. Then comes the man who will call the "real farmer"; he comes to stay, to build school houses, churches and a home for himself and family, where he and his children will live for generations. He is the man who is interested in the permanent fertility of the land. It is for his interest to put back as much as he can have, in order that his children may live as he is living.

Third, the man in whose behalf we want to assist in making two bluffs of grain grow where one blade now grows, in turning the scale of ever-diminishing returns into one of ever-increasing returns, it will put back into the mouths of his children and in the mouths of yours, and of every man, woman and child who dwells in our fair country now or will dwell here in the future.

### HOW THE FARMER IS HIT

The leaders of the farmers organizations of Canada are unanimously in favor of the reciprocity agreement.

Why? Because not only have they studied the production of the farmers' crops, but they have studied the elements which enter into the price he gets for them; they have dealt with local markets, they have dealt with Provincial and Dominion markets.

They have traced his products through local channels to Provincial, Dominion and foreign channels. They have investigated transportation, elevators, terminals and distribution.

They can tell you about the Vancouver market, and the Liverpool market, and the Chicago market, and the Winnipeg market. And they have

found that restricted markets invariably mean more money for the middleman and less for the farmer. They have got dead tired of the burden of swelling the bank accounts of big corporations.

Here is one instance. Western Canada wheat is ground into flour at Winnipeg, saving the long haul of 1,000 miles which would take it to Liverpool. But the Winnipeg man pays \$2.20 a hundred of flour for the same grade from the same mill as the Liverpool man pays \$2.40. He pays at Winnipeg extra just about what it would cost to bring the flour back from Liverpool. Similarly a 50 lb. sack costs 35¢ at Winnipeg, 30¢ at Toronto and 22¢ at Manchester, England—same grade, same make. The same way at Calgary. Instead of getting the advantage of the shorter haul and the closer manufacture, these are made a means of compelling the farmer and consumer a double burden—the market price of the grain is fixed by the Winnipeg price, less the freight from Calgary to Winnipeg and the door sold at the Winnipeg price, plus the cost of bringing the flour to Calgary. The farmer and producer gets it both going and coming.

Mr. Lanigan and some other rail-

way men claim that the Alberta farmer cannot supply his home market. Where is the inducement? Alberta imports 75 per cent. of her consumption of bacon products it may be but the local pork packing establishments take care that the Alberta farmer does not get the price he should get and while he would get were the Alberta market not "canned up". They quote a price on hogs at Edmonton of \$6.25, when the price in Winnipeg is \$7.25. The hogs are not here in 1911 than there were in 1910, simply because the Alberta combination will not pay an adequate price—a price equal to that paid in outside markets and the farmer can do better in other lines.

It is some relief from such business as this that the farmer will get in the free trade and larger market. They only ask a fair show.

### READING FOR RESTING TIME

A glance over the "Table of Contents" of August Canadian Home Journal assures one of many hours of most interesting reading. Under the heading "Fiction" are some excellent short stories. "At the Gate of Silence" is full of the atmosphere of the East with its unfathomable psychological mysteries. "A Visit to the Beaver Dam" not only contains excellent nature sketches, but an unusually clever study of human nature. "May Apples" is a bright sketch, and "Charlie Chipmunk's Career", an animal story especially attractive to children. "The Serials"—"A Honeycomb in Hillock" and "The House of Windows" grow more interesting every month. "A Woman Farmer of Alberta" by Gertrude E. Thompson is the story of one woman's success and a sketch of farming in the West. "The Sun Pictures and Its Curse" is a subject that may not vitally affect any but large city residents, but is worth reading as a study of city life which will interest every one.

In the special women's departments the Journal is especially strong for a summer number. There is an excellent assortment of summer gowns, house dresses, underwear, children's clothes. For the housekeeper, there are excellent receipts, menus and special functions, most attractively illustrated, canning, spicing, preserving and many suggestions on all departments of housekeeping. A regular feature that is full of value is the article on "Home Decoration".

The woman who desires to make her home more attractive with better selections of furnishings, better taste in selection and arrangement of pictures and flowers, will appreciate this article much.

The children are not forgotten and have their page; "Around the Heart" is an intimate talk on all home affairs by a very interesting woman; there are many fine papers from the Women's Institute proceedings.

"The Dressing Table" is a page of help for the care of face and body in wholesome ways. It is not just the vain woman but the sensible woman, who should preserve her attractiveness. There is much miscellaneous matter that is interesting.

The Journal is so bright and attractive looking with its color cover, it's many illustrations and its artistic borders and headings that it is a most cheery visitor.

### AN ACT TO ENCOURAGE EMIGRATION

T. N.

(Congressman Charles E. Fleeter,  
Iowa, Author)

"If the percentage in the increase of

Canadian production of farm products  
continues for the next fifteen years  
as it has in the past eight years and  
the same increase obtains in this coun-

try as in the past eight years, the

production of Canada will equal

the production of the United States in

practically all farm products except

corn."

"The more you examine the agree-

ment the more apparent it becomes

that Mr. Fielding was right when he

said in the House of Commons of Cana-

da that they had gained every-

thing that they desired—free access to

our markets, without doing any in-

jurious to our manufacturers. I am

unable, after a careful examination

to find wherein the agreement can, by

any fair construction, be termed a re-

ciprocit agreement. It cannot be

sustained on that theory. No one has

attempted to point out what Canada

grants the United States, and I chal-

lenge anyone to show where our peo-

ple are given any favorable concessions

in Canadian markets. The agreement

is wholly to the benefit of Cana-

da. It is unilateral. It should be

cancelled, as Senator Chandler obser-

ved in the treaty of 1934, in an act to en-

courage emigration from the United

States to Canada instead of the Unit-

ed States."

### WILL RECIPROCITY HURT FARMERS?

MERS

The farmers of the United States, by a large majority, have bitterly re-  
sisted the pending measure of so-called  
reciprocity with Canada. In this  
attitude they have been faithfully sup-  
ported by Orange Judd Northwest Farm-  
ers, as well as by many other  
agricultural journals. Some mis-  
takes were made during the campaign  
especially by the would-be spokesmen  
at Washington of the farmers' inter-  
ests. The national grange made a  
sorry mess of things by employing a  
bunch of professional lobbyists and  
attorneys. However, the farmers' in-  
terests were only championed by  
many plautors and representatives.

The result of the contest is that  
the United States congress has ap-  
proved of reciprocity in the form in  
which the same was originally sub-  
mitted to that body by President Taft. The measure was referred back  
to the Canadian government for ap-  
probation, and then government has re-  
ferred the subject to the people. Spec-  
ial elections for a new parliament  
have been called, and will occur through-  
out Canada on September 21. The  
present Liberal government under Mr.  
Laurier has a prime minister who championed the reciprocity measure, while  
it is opposed by the Conservative party  
under the leadership of Mr. Bor-  
din.

It would seem to be a foregone  
conclusion that reciprocity will win  
in the Canadian election. A vote of  
two to one. What I mean is that  
measure will enormously stimulate  
Canadian agriculture without in any way  
hurting Canadian manufacture.  
Canada has a shrewdly everything to  
gain and utterly nothing to lose by  
approving reciprocity. It is not too  
much to say that should reciprocity  
be endorsed at the Canadian election  
September 21 the ultimate result the  
rest will be double the value of every  
acre of good land and timber and of  
every town or city lot in the Domin-  
ion.

As a result closely approximating  
the policy which was privately ap-  
proved of by the grand old man of  
Canada, Sir John Macdonald, during  
his private interview with James G.  
Blaine, at Washington, when the latter  
was secretary of state.

Orange Judd Northwest Farmers

was the first journal in the states to

point out that the pending measure

was quite flagrantly—it gives to

Canada the sun and leaves Uncle Sam on

a small bit of the handle. Now, if

Canada puts reciprocity into effect,

will our farmers' fears prove to be

justified or not justified?

We sincerely trust that the future

will show this ultimate judgment to be

correct. Certainly it is that consum-

ption of all food products increases  
rapidly, because of this growth in pop-  
ulation, not only in the United States  
and Canada, but throughout the  
world. There are no grounds for ex-  
pecting an agricultural panic in the  
United States if reciprocity wins by a  
majority in Canada. September 21.

That new policy may not reduce farm  
values materially in the United States,  
as though it may have a retarding  
effect for some years upon the still  
further increase in American farm val-

ues. But that this policy will in-  
crease land values throughout Cana-

da goes without saying.

If Orange Judd Northwest Farmers  
instead were devoted to Canadian in-  
terests, it would spared no effort to  
secure a practically unanimous vote

in Canada for the Liberal party and

for its policy of reciprocity. Being

the champion of the American farmer

however, the Farmers' hope is that

Canada will make the colonial enter-

prise of creating reciprocity by casting a

decisive majority.

### WHO MAY VOTE

Every male, 21 years of age, who is a  
British subject by birth or natural-  
ization, and who has been in the pro-  
vince of Alberta for one year imme-  
diately preceding the election day,

Sept. 21st, and who has also been a resi-  
dent in the Strathcona constitu-

ency for three months is eligible to

vote. He must have his name on the enumera-

tion list of voters at the coming elec-

tion.

Stettler, Alta., Aug. 19.—Word was

received to night that a young man

named Harry Livingston, aged 24,

residing in a homestead with his

brother Ralph, at Big Valley, had

left Stettler with a 32 Winchester re-

peater, Corcoran Chatham of Cal-

gary, went down this morning and

obtained particulars, but no infor-

mation was denied necessary. The deceased

had been somewhat dependent

on his father, a drayman in Cal-

gary, Aug. 19.—A call from Cal-

gary to Edmonton in a Curtis type

plane with Connie mother in an ef-

fort to think she was in a bind.

Edmonton, Aug. 19.—A drayman

from the Alberta Livery Barn

was found dead in his room at the

Alberta Livery Barn, 1000 10th Street

West, about 10:30 p.m. Saturday eve-

ning. The cause of death was not imme-

diately known. The deceased was

employed by the Alberta Livery Barn

as a drayman. His name was Harry

Livingston, 24 years of age, and he

had been employed there for about

one month. He was a single man and

had no dependents. He was a

drayman and worked for the Alberta

Livery Barn, 1000 10th Street, West.

**Dr. de Van's Female Pills**  
These pills are especially powerful in regulating the menstrual period of the female system. They are sold at 5c. a box, or three for 10c. Mailed to any address. The stock is strong. Get the medicine now. SOLD AT WALDRIDGE'S PHARMACY

Arrangements are being made for the holding of an indoor Sunday school picnic on Labor Day, and the place will likely be Ponoka. A meeting was held to consider the matter on Sunday morning last, and an executive committee consisting of Mr. and Mrs. J. McKittrick, Mr. and Mrs. Cottier, P. W. Murray and Adel. Warner was appointed to make final arrangements.

## THE PIXIES

A FAIRY EXTRAVAGANZA BY W. A. MILNE

### ARGUMENT

The Goblins kidnap little Sunshine, and prepare to boil her in their cauldrons. The Fairy Queen invites the Pixies to her aid; and a terrible battle ensues. The Goblins are finally captured, little Sunshine is restored, and joy reigns in Fairyland.

Pixies, Brownies and Hobgoblins are little Elves that dwell in caves in the mountains of Europe, and come out at night, while weary mortals sleep, to play upon the green, to help needy human beings or to tease.

### SYNOPSIS OF SCENES

ACT I.—Garden of Queen Titania at night.

ACT II.—The Night Smithy of the Goblins.

### CAST OF CHARACTERS

Princess Florimel, Ruler of the Pixies ..... Miss Hope West

Queen Titania, Goddess of the Flowers ..... Mrs. H. C. R. Walker

Angelica, the Fairy Exquisite ..... Mrs. Geo. McManamy

Cholly Chrysanthemum the Duke ..... Mr. A. F. Franklin

### THE PIXIES

Satyr ..... Joe Shillington ..... Fred Kotz

Goblin ..... Leo Oberholser ..... Donie Sleighton

Actor ..... Freeman Kelley ..... Ronald Young

Dev ..... Alvin Miller ..... Clifford Miller

Dutchman ..... Ernest Girling ..... Tom Newnam

Canadian ..... Herdy Aldridge ..... Richard Thompson

Uncle Sam ..... Frank Hayes ..... William Barratt

Hobgoblin ..... John Fonda ..... Jacko, the Monkey ..... G. Michael

Chinaman ..... Edward Douska ..... John Blaier

### THE GOBLINS

Alban, the Chief ..... Chas. B. McDonald

Vitr ..... ( ) ..... Harry J. Wells

Horace ..... ( ) ..... Horace R. French

Kill ..... Goblins in Alban's Service ..... Earl B. Ferzberg

Fil ..... ( ) ..... Norman A. MacEachern

Bivor ..... ( ) ..... Chas. B. Mackay

Bavor ..... ( ) ..... Leonard Walker

Hump ..... ( ) ..... Tom E. T. Waterton

Grunt ..... ( ) ..... Heath Fowler

THE JAPANESE MAIDENS—Mrs. H. S. Cruz, Grace Spencer, Jean Ramsey, Flora MacDonald, Mahala Montgomery, Eveline Miquelon, Helen Chandler, Florence Keller, May O'Brien, Marie Thibauden, Baba Wilson, Myrtle Thomas, Lila Boardman.

THE AMAZON GUARDS—(A Military Drill)—Madames L. G. Kelly, H. J. Miller, H. W. Wright, R. Elliott, Mrs. Minnie A. Kerr, E. J. Davies, and the Misses Louise Davison, Grace Davee, Marion Wyld, Gladys Matafata.

### THE FAIRIES

Prince Florimel's Face ..... Beatrice Loney

Sunshine ..... The Stolen Train ..... Edith Liversidge

Sunbeam ..... ( ) ..... Monica Herle

Diamonds ..... Queen's Attendants ..... Louis Clark

Tiddlywinks ..... ( ) ..... Esther G. Walker

Amber ..... ( ) ..... Violet Kelley

Dragon ..... The Flower Girl ..... Anna Angus

Buttercup ..... ( ) ..... Ruth Gorrie

THE BUTTERFLIES—Winnie Ellis, Dorothy Ward, Elma Thomas, Gladys Matafata.

# Stop That DRINK HABIT BY SPENDING THREE DAYS ONLY AT THE NEAL INSTITUTE

If the Neal three-day cure for the drink habit had no other advantage, the fact that a man can take this cure at the Institute and be through with it at the end of the third day, and return to his business or occupation, cured perfectly, is such a valuable saving of time, that there is no comparison with any other method. But there are other great reasons why the drinking man should turn to the Neal Institute for aid. That the hundreds of dollars a year you spend in worthless, harmful drink, think how it is ruining your health, wrecking you physically and mentally, how detrimental to your business, heightens the worry, misery and disgrace to yourself and your family. Can you realize what a serious matter these conditions are to your interests?

### The Neal Effects a Permanent Cure in Every Case

This is not merely a "soaking up" process, but a sound, perfect and thorough cure, by elimination, that frees the system of every trace of alcoholic poison, taking away all craving and desire for drink, from the periodic, habitual or nervous drinker. It makes no difference how confirmed the drinker, how long he has been drinking, or how many other treatments have failed, the Neal treatment will do its work quickly and thoroughly in every case to the entire satisfaction of the patient and the delight of his relatives and friends in just three days without hypodermic injections. This treatment is the crowning success of the science of medicine, as it takes the most abject drunkard and cures him perfectly in three days, and there are—

### Positively No Hypodermic Injections

Patients at the Neal Institute are afforded the comforts of a refined home, with the utmost privacy. The names and addresses of patients' are not given to any one or in any way referred to. No violation of the confidence existing between the Institute and its patients would be permitted by the Neal Institute Company. A legal contract is given each patient to effect a cure in just three days. No bad after effects. Send for copy of contract and literature.

### AMERICAN WANDERLUST.

#### A Habit Which Strengthens the Creative Unity of the Nation.

Less than half the members of the United States Senate and house of representatives are traveling representatives. Some could more clearly show the alert activities of the American people and that constant intermingling of the inhabitants of the several states which adds so much to the creative unity of the nation. The two who travel the greatest distances of all are those who go to distant states or even across the ocean to the one who goes straight on in the footsteps of his father in the business of travel. Every American who has not born in the old free State whose influence and dignity he so well instilled and whose people mourned his loss so sincerely when he left this world.

The traveling from state to state has resulted in the organization in New York city of many state societies, which try to gather together the natives of their respective states and to keep alive the pleasant memories of the old home days, with their traditions and customs.

What would happen if the American people should cease to wander about the country? What would become of our national life?

It is intended to be supplied with a complete list of all the cities where they are presented with fitting, interesting and distinctive names. Try a box at our risk. Two sizes, 5c and \$1.00. Remember it is only sold at our store—the Rexall Store. H. L. Higgins.

Rexall Eczema Ointment relieves itching and irritation of the feet. It is a rich, smooth ointment which is applied and allowed to dry in. It affords very prompt relief for pimples, blisters, discolorations, ringworm, acne, tetter, harsers' itch, ulcers, insect bites, nettle rash, itches, sores and wounds.

### TWINE NOW

Never have been able to buy binder twine below The Eaton prices before and never have prices been quoted in your local paper. We give you the following prices—

**Plymouth Twine Diamond L. 10c per lb. 600 feet to the lb.**

**Plymouth Twine Diamond N 9c per lb. 550 ft. to the lb.**

If your crops are destroyed by hail we will cancel the order if you notify us. As it looks now we will have a bumper crop all over the continent and prices may advance at any time, so if you send in your wants now, you will come in our 43,000 lb. order.

CASH BUYING, CASH SELLING, QUICK SALES, AND SMALL PROFITS IS OUR MOTTO

### FARMERS' POLITICAL CONVENTION

A convention of farmers of the Strathcona Constituency, will take place in Wetaskiwin, on Monday, August 21st, at 11 a.m. sharp for the purpose of nominating a candidate to represent this constituency in the Canadian Parliament. J. R. Rothenberg of Strone is the convener and Vice-Chairman of the Strathcona, is secretary-treasurer.

A. McDougall, a man for the extra gang of the C.P.R. was run over by the morning train seven miles south of Wetaskiwin, on Wednesday. Both legs were amputated close to the thigh. Dr. Bell accompanied the unfortunate man to Red Deer Hospital. He was asleep on the track and before the train could be stopped the engine had passed over him.

### Binds More. Sheaves with Less Twine

Plymouth Binder Twine is made from the best quality cotton and is very strong, and the last of the ball sheaves feeds as freely as the first. No knots or breaks. Fifty per cent more twine is required by any machine actually required.

### PLYMOUTH Binder Twine

It is now more than ever necessary because it is known to be the best. Made by the oldest company established in the United States, and is the only one that can be guaranteed to bind every sheaf of wheat. Farmers who insist on seeing the wheat-sheaf tag on every ball of twine save money and avoid harvest losses.

The Farmers' Co-Operative Store Agents

### INTERCHANGE OF FOODSTUFF UNDER DIFFICULTIES

Some very misleading statistics are current as to the interchange between Canada and the United States of foodstuffs. In spite of the high duties on both sides of the line, there is a considerable exchange, showing that at times and places this is profitable, despite the obstacles placed in the way. We have prepared from official sources a table, herewith reproduced, which shows the Canadian exports to, and imports from, the United States in foodstuffs, with the current rate of duties charged by each country:

Article	Canadian duty	Canadian imports from U. S.	Canadian duty	Canadian exports to U. S.
Wheat	12c bu.	\$5,129	25c bu.	\$1,835,647
Buckwheat	15c bu.	99,310	30c bu.	6,569
Oats	10c bu.	15,323	15c bu.	534,932
Beef	3c lb.	75,815	1½c lb.	12,655
Eggs	3c doz.	177,577	5c doz.	12,388
Butter	4c lb.	16,113	6c lb.	204,963
Sheep	25 p.c.	131,492	75 to \$1.50 each	557,089
Potatoes	20c bu.	175,849	15c bu.	349,102
Green fruit	—	1204,533	—	304,711

Canadian schedules on green fruits are: Apples, 16c 40c; berries, 2c lb.; cranberries, etc., 25 p.c.; peaches, 1c lb.; pears, 20c 1b.; bananas, pineapples, etc., free. The United States duties are: 2c a bushel for apples, peaches, pears, etc.; and berries, 1c per quart.

These statistics of Canadian imports from the United States are taken from a tabulated statement submitted to Parliament on March 20, 1911, by Hon. W. Paterson in reply to an enquiry by a member. The figures as to wheat conflict with statistics current in Conservative campaign literature, showing a wheat importation from the United States in 1910 of over eleven million bushels. These figures are quoted, impressively to show that it is futile for Canada to hope to sell wheat to a country from which we bought over eleven million bushels last year. The discrepancy is capable of easy explanation. The eleven million bushels were not imported into Canada for consumption; they merely passed through Canada on their way to Europe via the St. Lawrence route. There was actually imported into Canada from the U.S. during fiscal year 1910 54,964 bushels of which British Columbia brought in no less than 52,000 bushels. During the same period we exported to the United States 1,552,151 bushels of wheat.

A study of the tables shows that even under present conditions, with the heavy Payne-Aldrich duties upon Canadian produce, the attraction of the United States market led to a considerable export of Canadian farm produce. If an international trade in foodstuffs of these dimensions is possible despite the double row of custom houses, what may we not expect when the duties are abolished by the adoption of the reciprocity agreement? If trade is profitable now—as it must be, else it would not persist—how much more profitable will it be when the producers no longer are obliged to pay toll to the customs officers?

The study of the tables shows that even under present conditions, with the heavy Payne-Aldrich duties upon Canadian produce, the attraction of the United States market led to a considerable export of Canadian farm produce. If an international trade in foodstuffs of these dimensions is possible despite the double row of custom houses, what may we not expect when the duties are abolished by the adoption of the reciprocity agreement? If trade is profitable now—as it must be, else it would not persist—how much more profitable will it be when the producers no longer are obliged to pay toll to the customs officers?

The SUPREME COURT OF ALBERTA, 1911-1912

Sittings of the Supreme Court of Alberta, in banc and for the trial of civil and criminal causes, and for the hearing of motions and other civil business, will be held at the following times and places for 1911-1912. When the date set for the opening of a Court or Sitting is a holiday, such Court or Sitting shall commence on the day following such holiday.

Sitting of the Supreme Court en banc Edmonton—Third Tuesdays in September and March.

Calgary—First Tuesdays in December and June.

For Trial of Civil and Criminal Jury Causes

Edmonton and Calgary—First Tuesdays in October, February and May.

## Butchers & Packers

P. Burns & Co., Ltd., Butchers and Packers, are now occupying their new market block, opposite the Merchant Bank. The shop has been built purposely for the butchery business and is the most sanitary market in the entire West, with all the latest improvements and ideas for handling and storing meats. The cold storage occupies the major part of the basement and ground floor, and has a capacity of several car loads of meats. The market is spacious and finished in white. The offices are well arranged and convenient for the staff. Public inspection is invited by the firm at any time.
